

## TULSA HAS SOLDIER PROBLEMS IN HAND

Employment Secretary Tells Conference Positions Are Found for All Men.

### MEET ON TWO MORE DAYS

Delegates Entertained at Supper by Y. M. C. A. and Visit City Churches.

Delegates to the demobilization conference under the auspices of the Y. M. C. A., which was opened Wednesday morning in the Y. M. C. A. city room, continued to arrive in the city at a late hour Wednesday night. All indications point to a larger attendance than was present at the conference in Oklahoma City last week. The total number of delegates who have registered is 122.

At the meeting held at 4 o'clock Wednesday afternoon the Tulsa Soldiers' and Sailors' council took the leading part. An address on "The Unemployed Soldiers and Sailors" was delivered by N. A. Thompson, employment secretary of the local Y. M. C. A. Mr. Thompson said:

"The employment of the returned soldiers and sailors has been a serious proposition throughout the country since the demobilization of troops began. The situation in Tulsa has improved greatly during the past month and the chances of a man not being able to get a job is very slim. I feel sure that the employment department of the Y. M. C. A. here can place any man who applies if they will give us about a week."

At first, when so many returned men were coming into Tulsa the employment department was not thoroughly organized, resulting in a few of the boys leaving without getting a job but we soon rounded things into an efficient working machine by getting the co-operation of the local oil and manufacturing companies."

The visiting delegates were the guests of the local Y. M. C. A. at a 6 o'clock supper, at which meeting Fred D. Price, international committee man of the Y. M. C. A., spoke on the subject, "The Psychology of the Returning Soldiers". Following the address there was a discussion led by C. K. Leslie, on the subject, "Educational Aspects of the Situation".

Immediately following the supper the delegates visited the various mid-week church services in a body, under the direction of C. E. Buchner, secretary of the local Y. M. C. A. The purpose of the church visit was for the visiting delegates to observe the methods used and the order in which the services were held.

The following towns were represented by delegates: Bartlesville, Oklahoma City, Hugo, Durant, Antlers, Ada, Idabel, Bristow, Pawhuska, Tahlequah, Muskogee, McAlester, Sallisaw, Sapulpa, Nowata, Okmulgee, Holdenville and Pawnee.

The conference will continue through Thursday and Friday and in the range of discussion will take in all problems connected with work of both the men returning discharged from army service. The sessions are held at the local Y. M. C. A. building, Fourth and Cincinnati streets.

The larger part of the instruments recorded were transfers of deeds to property in Tulsa county.

On March 31 40 chattel mortgages and 126 transfers of title were recorded. The other fees in the county clerk's office for the year 1918 is approximately \$15,000 and estimates made by County Clerk Cline place the receipts for 1919 at \$30,000.

### DON'T OVERDO OR OVEREAT

### But If You Do, a Few Doses Black-Draught May Prevent Serious Trouble.

NOWATA, Okla.—Mr. W. B. Dawson of this place says: "I have known of Black-Draught ever since I can remember, and of all the liver medicines I ever used, Black-Draught is without doubt the best. We would not be without it in the house."

"I used to take pills and different things, but after taking a course of strong medicine I would be left in a constipated condition, and would need then to use a laxative. But after I began to take Black-Draught I did not have any trouble of this kind."

"I take a big dose at night and follow a few nights with lighter doses, and I am like a new man until I overdo or overeat and neglect to take care of myself until the liver gets out of fix, when I have to go to Black-Draught again."

"Black-Draught I have found is all that is necessary for the bilious feelings in the stomach, sour stomach or bad taste in the mouth so common in spring in the swampy country. I believe if more people took it, there wouldn't be so many having chills as do."
